Wine tourism

One town, two designations of origin: Priorat and Montsant

The wines of the Qualified Designation of Origin Priorat, and those of the Designation of Origin Montsant, are appreciated around the world, and Falset is the ideal place to get to know them first hand. Their winemakers will open the doors of their wineries and Cathedrals of Wine, and they will invite you to tread their vineyards and participate in guided tastings to discover a territory where wine is not only drunk. In Falset and the Priorat, wine is felt, and is part of the culture.
